**Seria **bh******Fitinguri filetate din alamă:**

Filete conform standardului DIN EN 10226-1 (ISO 7/1)
pagina 55-59.

**Seria **br******Fitinguri filetate din alamă:**

Filete conform standardului ISO 228
pagina 60-68.

**Caracteristici
tehnice materiale:**

Aliajele cuprului conform DIN EN 12164, respectiv DIN EN ISO 12165, și conform reviziei nr. 4 din 20 ianuarie 2015 a „4MS Common Composition List”.

Materiale utilizate:

CW617N conform 4MS (pentru materiale metalice în contact cu apa potabilă)

Instalare:

La instalarea fittingurilor se vor avea în vedere reglementările tehnice referitoare în vigoare.
